Dr. F.M. Wadley,
U.S. Department of Agriculture,
Agricultural Research Administration,
Bureau of Entomology and
Plant Quarantine,
Washington, D.C.,
U.S.A.

Dear Dr. Wadley,

Thank you for your letter of March 1st and the enclosure. We are very glad to have your records for our uniformity trial collection. I presume that we have your permission to publish a reference to this data if ever we decide to bring Cochran's list up to date. It is, of course, unlikely that this will be done during the war. If we wish to make any other use of the data for publication, we will certainly obtain your permission before doing so. We should be very glad to have a copy of any publication in which these results appear and any future records of a similar nature.

Yours sincerely,

D.J. Finney
