POST OFFICE ADDRESS:
MACDONALD COLLEGE, QUE., CANADA

Dr. W. G. Cochran,
Rothamsted Experimental Station,
Harpenden, Herts,
England.

December 13th, 1937.

Dear Dr. Cochran,-

I received a copy of your paper entitled,-
"Catalogue of Uniformity Trial Data".

I note your request for information on
omissions from the list. As far as I can see a paper
of mine entitled,- "Replication in Relation to Accuracy
in Comparative Crop Tests" has not been mentioned. This
was carried on with oats and spring wheat. This appeared
in the Journal of the American Society of Agronomy, Vol. 15,
No. 5, May 1923.

Yours very truly,

R. Summerby
R. Summerby,
Professor of Agronomy.

Professor R. Summerby,
MacDonald College,
Quebec,
Canada.

Dear Professor Summerby,

Many thanks for your letter pointing out
an omission from my catalogue uniformity trial data. The omission
is most unfortunate as I read the paper some years ago and noted
it for inclusion in the list. If you have a spare copy of the
actual yields which are not given in the paper, I would be glad
to have it. Otherwise, may I say that the data are filed at
Macdonald College. I hope in time to publish a list of additions
to the catalogue; I have already found some new unpublished
trials since it appeared. With many thanks for your help.

Yours faithfully,
